Below: Garry Ferrell, Landscape Designer, Wilson Landscape Associates, Powell, OH

## Is your VERSA-LOK project ready for star time?

Enter VERSA-LOK's 2007 Landscape Design contest and find out. You might wind up in our national ad campaign—and the winner of our \$5,000 grand prize or one of two \$500 runner-up awards.

## VERSA-LOK: Landscape design without boundaries

It's not hard to see why we get the high caliber of contest entries that we do. With its solid-unit construction and a flexible top-pinning system, VERSA-LOK's design capabilities are virtually unlimited.

And retaining walls are only the beginning. Stairs, curves, corners, freestanding walls and columns are all possible with VERSA-LOK. Think outside the box—or block—and design your own winning entry today! For the stories behind 2006's winning entries, visit [www.versa-lok.com/primarysite/contestwinner2006.htm](http://www.versa-lok.com/primarysite/contestwinner2006.htm)

## 2006 runners-up

Date \_\_\_\_\_

### who is eligible?

The 2007 VERSA-LOK Design Contest is open to all professionals involved with retaining wall design, including landscape architects, architects, engineers and contractors. However, the contest entrant must be the actual designer of the project entered. Multiple entries are allowed. A separate submission must be completed for each project entered.

### judging criteria

A panel of industry professionals will judge the competition. Entries will be judged on scope, complexity and technical achievement. Particular weight will be given to projects that feature unique design elements and innovative use of VERSA-LOK products in overcoming site challenges.

### project requirements

Retaining wall products used must be exclusively VERSA-LOK Retaining Wall Systems. Project construction must have been completed in 2006-2007.

### winners & cash awards

Cash awards will be issued to the companies of winning entrants. The winners will be announced in March 2008. The winning project will be featured in VERSA-LOK's 2008 national ad campaign.

### submission materials

- Completed and signed entry form
- Minimum of 3 high-quality 8"x10" photographic prints or digital images (300 DPI) clearly labeled with entrant and project names
- Detailed description of project (on separate page) including purpose, specific challenges, solutions and innovative uses of the retaining walls
- All entries must be postmarked by 1/31/08

### send entries to:

VERSA-LOK Retaining Wall Systems  
Attn: 2007 Design Contest  
6348 Highway 36, Suite 1  
Oakdale, MN 55128  
(800) 770-4525 - [www.versa-lok.com](http://www.versa-lok.com)

### submit your VERSA-LOK project by January 31, 2008

# WANTED: Models for VERSA-LOK's national advertising campaign

*Ordinary Walls Need Not Apply*

[www.versa-lok.com](http://www.versa-lok.com)

**I'M CONFIDENT MY WALLS  
PERFORM AS GOOD AS THEY LOOK.**

"I specify VERSA-LOK retaining walls because of the confidence I have in their systems. VERSA-LOK solid units are unsurpassed in durability and have no cores to fill — eliminating uncertainties of improper installation. And the technical support I receive from VERSA-LOK and their representatives is unmatched. In addition, VERSA-LOK's random-pattern Mosaic® system easily incorporates soil reinforcement, so my tall wall projects look as good as they perform."

For more information on how VERSA-LOK can help you specify with confidence, call (800)770-4525 or visit [www.versa-lok.com](http://www.versa-lok.com).
