VERSA-LOK®

SQUARE FOOT SMOOTH (CLEANCUT)

Retaining Wall System

Square Foot Smooth (CleanCut) brings a fresh, modern edge to the trusted performance of VERSA-LOK's premium cored unit. Engineered to deliver a full square foot of wall face with impressive cost efficiency, it's an ideal solution for commercial and residential projects that demand both value and visual appeal.

Applications

Commercial & Residential

Curves, corners, columns, stairs, and walls

SQUARE FOOT SMOOOTH (CLEANCUT)

Individual Unit

8″ H x 18″ W x 12″ D

87 lbs

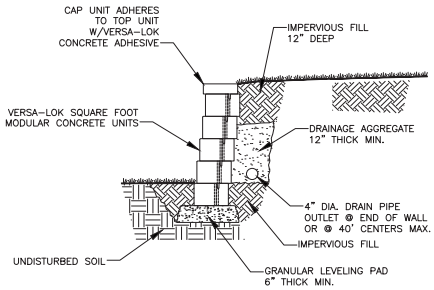

Features & Benefits

- Units allow for multiple setbacks
- Trapezoidal shape and top-pinning system allow for variable bond construction, accurate alignment, tighter vertical joints, and easy install
- Easy to install on a 6-inch-thick crushed gravel leveling pad; no concrete frost footings required
- All unit cores are filled with crushed gravel in the base course and free-draining angular gravel in all other courses
- Use with contrasting colors or textures to create random-pattern walls
- Finish off with VERSA-LOK cap units

Unreinforced
Retaining Wall (L)

Unreinforced walls can be built to up to 3 ft tall

Reinforced
Retaining Wall (R)

Reinforced walls can be built to up to 50 ft or taller
